

HARISHRAM S

SOFTWARE DEVELOPMENT ENGINEER - L2

harishramsanthanam4@gmail.com +91 7708173148 Kumbakonam, Tamil Nadu

SUMMARY

Results-driven Software Engineer with 3+ years of experience in full-stack development using Angular, Node.js, and NoSQL (DynamoDB). Experienced in building scalable, responsive web applications, developing RESTful APIs, and optimizing database performance. Strong problem-solving skills with a focus on clean, maintainable code, performance optimization, and modern frontend architectures. Passionate about delivering high-performance solutions and adopting emerging technologies.

KEY SKILLS

- Angular
 - TypeScript
 - HTML5 & CSS3
 - Ngx Libraries
 - Node.js
 - RESTful API
 - RxJS
 - Nebular
 - DynamoDB (AWS)
 - Google APIs
 - WordPress (Divi Builder)
 - Bootstrap & Flexbox
-

PROFESSIONAL EXPERIENCE

Bravura Technologies Pvt Ltd

Feb 2023 – Present

Software Development Engineer -L2

- Developed responsive and cross-browser compatible user interfaces using HTML5, CSS3, Bootstrap, and Flexbox.
- Built and maintained single-page applications (SPA) using Angular (versions 4–16) and TypeScript. Implemented modern frontend features using RxJS, Ngx libraries, and Nebular for enterprise-level applications.
- Integrated Google APIs to develop housing facility and location-based solutions.
- Implemented efficient DynamoDB queries and filters to improve API response times and reduce latency and Optimized backend data handling by writing efficient SQL and DynamoDB(NoSql) queries and filters to improve API response times and reduce latency.
- Implemented modern frontend features using RxJS, Ngx libraries, and Nebular for enterprise-level applications.
- Designed and integrated RESTful APIs, handling data exchange using JSON and XML.
- Improved application performance and state management using RxJS and asynchronous programming techniques.
- Used Git for version control and collaborated with cross-functional teams in an agile environment.
- Converted UI/UX designs into functional, scalable components while ensuring usability and performance standards.

Full Stack Developer

- Debugged application code by analyzing logs, identifying root causes, and resolving client-reported issues to ensure system stability.
 - Investigated and fixed production and client-raised defects, improving application reliability and turnaround time.
 - Created and maintained automation scripts within the product to streamline client operations and reduce manual effort.
 - Worked on SQL data imports, transformation, and mapping for multiple client projects.
 - Performed data validation and troubleshooting during import processes to ensure data accuracy and integrity.
 - Supported enterprise client implementations including Gaspool, Vonovia, and Edeka by delivering timely technical solutions.
 - Collaborated with cross-functional teams to analyze requirements and implement fixes aligned with business needs.
-

EDUCATION**Master of Science - Computer Science****2017 - 2020**

CGPA: 6.9

Bachelor of Computer Applications**2020 - 2022**

CGPA: 7.3

AWARDS & CERTIFICATION

- Earned the **STAR Award 2025 (Striving To Achieve Results)** for demonstrating strong problem-solving skills, ownership, and delivery excellence on **Dec 2025 from Bravura Technologies Pvt Ltd**.
 - Recognized with a **Certificate of Appreciation** for playing a key role in the successful implementation and launch of the **Bravura HOUSING** module from **Bravura Technologies Pvt Ltd on Dec 2025**.
-

LANGUAGES

- English - Full Professional Proficiency
 - Tamil - Native or Bilingual Proficiency
 - Kannada - Intermediate
-

INTERESTS

- Passionate about implementing modern design trends to create intuitive, accessible, and responsive web interfaces.
- Continuously exploring performance enhancements through efficient coding practices and emerging technologies.
- Regularly participate in coding challenges to sharpen problem-solving skills and algorithmic efficiency.
